Pathways for Hope

About the National Ovarian Coalition

Since 1991, the National Ovarian Cancer Coalition (NOCC) has provided support to thousands of cancer survivors, delivered millions of educational resources, and connected with countless local community partners to raise awareness about ovarian cancer. The NOCC is an influential national advocate for patients, survivors, caregivers, and their families facing an ovarian cancer diagnosis, and remains steadfast in its mission “to save lives through the prevention and cure of ovarian cancer, and to improve the quality of life for survivors and caregivers.” At the NOCC, our teal team leads with our values and unique experiences to provide support and education across all communities, ensuring that every person is empowered to advocate for their health.

Our Vision

We envision a future where no one ever loses their life to ovarian cancer.

About Together In TEAL® - Ending Ovarian Cancer

Together in Teal - Ending Ovarian Cancer is the NOCC’s signature fundraising series. Hosted annually in communities across the country, these events increase awareness, honor those affected by ovarian cancer, and raise financial support benefiting the NOCC’s local and national programs and initiatives. Through these events, the community is strengthened and empowered, survivors are honored, and those lost to the disease are remembered. This community spirit continues through ongoing participation of both individuals and teams.
