The NOCC is an influential national advocate for patients, survivors, caregivers, and their families facing an ovarian cancer diagnosis, and remains steadfast in its mission “to save lives through the prevention and cure of ovarian cancer, and to improve the quality of life for survivors and caregivers.” At the NOCC, our teal team leads with our values and unique experiences to provide support and education across all communities, ensuring that every person is empowered to advocate for their health.

## Why Should You Partner?

As a proud partner of the NOCC, your company will have a profound impact on a critical health issue that devastates the entire family. Your brand will be recognized as a leader in the battle against ovarian cancer and will be associated with an initiative that is gaining visibility, both locally and nationally.

It is our goal to underwrite expenses through both monetary and in-kind contributions. This ensures that more funds can support the battle against ovarian cancer by providing maximum return on the dollars raised by our community to support our mission and programs.

### Monetary Sponsorship

Monetary sponsorships help cover costs of producing the event and translate into more event revenue used to fund local and national programs and initiatives. Benefits vary depending on financial commitment level, but all partners reach a broad audience of individuals committed to this cause.

### In-Kind Opportunities

Our goal is to underwrite event expenses as much as possible through in-kind contributions of products and services. Whether it is a gift card or food for our walkers, we rely on in-kind donations to enhance our Together in Teal event series. This helps ensure funds raised will support our battle against ovarian cancer.

Benefits of in-kind opportunities are based on fair market value and align with the corporate sponsor levels.
